Errata

Regarding the July, 2017 article, Sporns PB, Muhle P, Hanning U, et al. Atrophy of swallowing muscles is associated with severity of dysphagia and age in patients with acute stroke. *J Am Med Dir Assoc* 2017;18(7):635.e1-635.e7.

<https://doi.org/10.1016/j.jamda.2017.02.002>

The authors apologize they have left out an important contributing author's name: Bernhard Falter, MD was involved in an early draft of the manuscript and should have been listed as author #8. Dr. Falter's affiliation is: Department of Radiotherapy, University of Duisburg-Essen, University Hospital Essen, Essen, Germany.

DOI of original article: <https://doi.org/10.1016/j.jamda.2017.02.002>

The *Journal of the American Medical Directors Association (JAMDA)* apologizes for errors in the organization name for the following article.

Zimmerman S, van der Steen JT. It's Not a Small World After All. *J Am Med Dir Assoc* 2018;19(3):187-189.

<https://doi.org/10.1016/j.jamda.2018.01.002>

The organization was listed incorrectly as The Inter-Resident Assessment Instrument (InterRAI), an international research collaborative, developed a Self-Report Quality of Life Survey for Long-Term Care Facilities, which assesses resident perspectives on subscales reflecting social life, personal control, food, caring staff, and staff responsiveness. The article has been corrected online and the organization is correctly listed as InterRAI.
