

## About the Society

AMDA – The Society for Post-Acute and Long-Term Care Medicine is the only medical specialty society representing the community of over 50,000 medical directors, physicians, nurse practitioners, physician assistants, and other practitioners in the post-acute and long-term care continuum. We advance our mission through timely professional development, evidence-based clinical guidance, and tireless advocacy on behalf of our members, patients, families, and staff.

### Register for AMDA's QAPI Course

Quality Assurance and Performance Improvement (QAPI) significantly expands the level and scope of a facility's quality improvement activities. AMDA has an interactive online QAPI course for the entire interdisciplinary team that will enable you to design, implement, and monitor a QAPI program in your own facility—while earning 6.0 CME credits, 6.0 MOC points, and 6.0 CMD management hours, 6.0 nursing contact hours, and 6.75 NAB participant hours. Learn more: <https://apex.paltc.org/local/catalog/view/product.php?productid=283>.

### Summer Synthesis Being Held Online

The Society's Core Curriculum on Medical Direction in Post-Acute and Long-Term Care is the only program of its kind, offering comprehensive instruction on management and leadership within the PALTC setting—as well as CME, ABIM MOC, and CMD management credits. The course is divided into two parts: The Online Core Curriculum and a Core Synthesis Weekend. Due to the ongoing situation with COVID-19 the second part of the program—the Summer Synthesis—will be held online July 31-August 2. Completion of the Online Core is required to participate in the Synthesis Weekend. Learn more and register at <https://apex.paltc.org/page/core-curriculum-on-medical-direction>.

### Webinars for Everyone

AMDA provides live webinars throughout the year. They are free for members and \$99 for non-members. Experts present relevant topics in PALTC; participants can earn continuing education credits from their home or office. They are now offered at different times (afternoon and evening) to suit your schedule; they are also recorded and made available shortly following the live event. Go to <https://apex.paltc.org/page/live-webinars> to learn more.
